Subject:—

Grant of allowance on account of dearness due to the European War.

Paper under disposal No I & II.

The Revenue Commissioner, the Comptroller and the Railway Secretary have severally brought to the notice of Government that the high prices of food grains and other necessaries of life that are prevailing now are pressing heavily on low-paid officials, that the grant of grain compensation allowance sanctioned under the rules of the Civil Account Code does not afford adequate relief to them, that special War allowances are being granted in the Madras Presidency, in the Native State of Hyderabad and in some Government of India State Railways and also Company-worked Railways and they have therefore recommended that a suitable war allowance may be similarly granted for low-paid officials in Mysore.

P

S.V.U

Draft for approval

2 The representation is considered reasonable and it is proposed to sanction the grant of war allowance at rates suited to condition in Mysore, Viz., at one anna in the rupee subject to a minimum of Rs.2/- for all whole-time employees on salary not exceeding Rs.50 per mensem. The allowance will be granted for a period of three months from 1st November 1918 and will be continued if necessary from quarter to quarter.

3 The extra cost involved in granting this war allowance is estimated at Rs.60,000 per mensem and suitable amounts will be reserved from the balances at the credit of the groups "Moral and Material Development" and "Public Works" which have balances in excess of the prescribed minimum and also of the head "Special non-recurring reserve" to enable extra grants being made in due course to the several departments to meet the additional expenditure herein sanctioned

With His Highness' approval, an Order was issued sanctioning the grant for a period of 3 months, of a temporary local allowance of 1 anna in the Rupee to all officials whose pay does not exceed Rs. 50/-- per mensem, on account of high prices of food grains and other necessaries of life, and it was stated that the allowance would be continued, if necessary, from quarter to quarter.

2. As the prices of the essential food stuffs still continue to rule high, the allowance has been continued for another quarter commencing from February 1919 on the recommendation of the Council.

The action taken is reported for His Highness' information.

Submitted To the CHIEF SECRETARY through the Registrar:-

Wē, the officials of the General and Revenue Secretariat, beg to bring the following few points for the favourable consideration of Government :-

It is an admitted fact that owing to War conditions and want of seasonal rains, the prices of all articles of daily requirements have risen abnormally, so much so that in certain cases the prices have actually doubled.

2. Government have not failed to realise the situation, and were pleased to grant grain compensation allowance to those talūks where ragi, the staple food, has been selling at less than 12 seers per rupee. While feeling highly grateful to Government for this benevolent kindness, we beg to state that this grant of grain compensation allowance has not in any way materially relieved the situation for the following reasons :-

(1) Ragi is not the food that is used by all ; neither is it the only article of daily necessity that has risen in price.
(2) The allowance is admissible only to those whose pay is Rs.30 and below, whereas the present difficulty is keenly felt by all whose pay is ~~below~~ Rs.100 and below.

The following statement shows the relative prices of essential articles.

	Usual rate.	Current rate.
Rice	Rs.15 to 18 Per Palla	Rs.22 to 27 per palla.
Ragi.	16 seers per rupee	11 seers per rupee.
Chillies	Rs. 6 per maund.	Rs. 16 per maund.
Ghee	Rs.18 "	Rs. 36 "
Oil	" 5 "	Rs. 9 "
Milk	7 seers per rupee	4 seers per rupee.
Curd	1 anna per seer	3 annas per seer.
Fuel	8 maunds per rupee	4 maunds per rupee.
Dhal	16 Rs. per palla	Rs. 27 per palla.

Clothing materials. Double and even treble the orginal price.

Realising the seriousness of the situation and anxious to maintain the efficiency of work, the Government of Madras -and that of His Exalted Highness the Nizam have come to the assistance of the officials and have accordingly been pleased to grant War compensation allowance at the rate of 10%. Such a step is necessary, and we therefore approach His Highness's Government with the request that a War allowance at the rate of 10% of the salary to all those whose pay is 100/- and below, may kindly be sanctioned from 1st July 1918.

REVENUE *Department.*

SIR,

I have the honour to state that in the course of my tours it was brought to my notice that the high prices of food grains and other necessaries of life that are prevailing now are pressing very heavily on our low paid officials. It has become a serious problem for them to eke out their livelihood in these hard days and it is absolutely necessary that Government should go to their rescue. The grain compensation allowance sanctioned to them under the Account Code does not afford adequate relief to them as not only the price of food stuff but of almost every article of necessity has risen abnormally. The situation is one calling for special measures. I therefore beg to strongly recommend the grant to all officials drawing a salary of Rs. 50/- and less an allowance equivalent to 10 per cent of their salary subject to a minimum of Rs. 2/- per month for a period of six months or so long as the present prohibitive prices last.

SIR,

I have the honour to submit for the favourable and sympathetic consideration of Government representations by members of the Comptroller's and Insurance Offices praying for the grant of a War allowance.

2. The situation is known to Government and I do not think it is necessary to dwell upon the distress due to the large rise in the prices of the necessaries of life caused by the War. The unfavourable seasonal conditions have rendered the position worse. The class of persons on small fixed incomes has been hit very hard by the decreased purchasing power of the rupee and employers have to afford them some measure of relief. The salaried servants of Government belong to this class.

3. I send herewith a copy of the order of the Government of Madras granting a War Allowance. This I obtained from the Accountant General, Madras. I also enclose copies of orders stated to have been passed by the Government of H.E.H. the Nizam of Hyderabad and the South Indian Railway Company granting a similar allowance to their establishments.

My dear Mr Kantharaj Urs,

I beg to inform you that the Tata Steel Co is issuing new Preference shares of 7½ crores at 7½ per cent subject to income tax. In point of security these shares will be as good as Govt of India securities and they will be

for more paying. The old shares already issued up to date are of the value of 6 crores, and the addition of the proposed Preference shares of 7½ crores will raise the capital of the Company to 13½ crores. The market value of the assets of the Company is of course immensely greater. You will see therefore that as the Preference shareholders will in case of dissolution of the Company bear the first claim on the total assets of the Co., their security is perfect. With

such securities the Mysore Government should not have the least hesitation to invest its unused balances, which are not likely to be required to be spent in the near future, in the new Preference shares. The market value of these shares can never go below par as that of the Govt of India securities bears. If anything they will always be at a small premium in the market, as the rate of interest is comparatively high, should it be necessary to sell them in future

Under these circumstances

I should feel much obliged if you could kindly recommend the purchase of the shares both from the Mysore Govt funds and the Palace funds. Perhaps you could also invest some of our private funds in them. The shares are offered first to the old shareholders and then to the general public. They are all likely to be taken up soon. If you could kindly hold out hopes of early investment from Mysore, I

2/ Guild arrange to reserve as many shares for Mysore as you may desire. Hyderabad & Baroda are sure to take up a large number of the shares. To save disappointment I request early intimation by wire of the intended purchases.

I hope His Highness the Maharaja is enjoying his visit to Kashmir & will surely return with renewed health & vigour

If I could easily come down to Bangalore & call on you for further information or explanation if you so desire

With very kind regards

Yours

Sincerely yours

H J Bhabha

4. I think relief is called for in regard to officers whose salaries are not more than Rs.100 per mensem. The need for help in the case of those whose salaries are not more than Rs.30 per mensem is greater and they may be given grain compensation allowance under the present orders in addition to any war allowance which Government may be pleased to sanction. I would propose the following scale of War allowance:-

Salary.		Allowance.
Re.1 - 30	..	Rs. 2.
Rs.31- 50	..	" 3
" 51- 80	..	" 5

The Secretary,

State Life Insurance Committee,

B a n g a l o r e.

Respected Sir,

We, the undersigned officials of the Mysore State Life Insurance Office, beg to bring to your kind notice that owing to the War and the failure of rain, the prices of the food-stuffs, Clothing materials and House Rents, have risen abnormaly by -- about 110 per cent. A statement showing the prices of the different commodities, is herewith submitted for favour of perusal. We also add here for your kind information that the pay of most of us is not more than Rs 31/- per mensem, which sum is found very inadequate to meet the necessaries of life at the present enhanced prices.

Under the circumstances represented above, we humbly reques that either our pay may be increased or a suitable allowance -- granted to us. In this connection we beg to submit that the percentage of expenditure sanctioned by the Government is 4% of the income, of which the present Establishment charges etc. come up to about 3% leaving a margin of 1 per cent, which can be easily utilised for the grant of an allowance or increased of emolument.

As the Madras and other Governments are showing such concessions to their officials, we most respectfully beg the --- Secretary to kindly consider our prayer favourably and submit this to the President for sanction with the usual generous support.

We beg to subscribe ourselves.

Your most obedient servants,

Please speak attached for further orders

The ruinously high level of prices
is affecting every person who has
a fixed income of Rs 500/- per. and
downwards.

All these persons are keenly
feeling the strain. The difficulty becomes, of course,
greater and greater as we go downwards
& as such increases in the downward scales.

The Govt is always looked upon by its
servants & the Public as the protector of the poor and distressed.
The employees of the Govt also deserve to have their
distress alleviated.

~~It has been given to understand~~
The Govt may be approached to increase the pay
of all its employees drawing a pay of Rs 500
downwards by at least 33 1/3 %, until
these high prices go down.

Such Concessions have been

.....Financial.....*Department.*

SIR,

I have the honour to submit herewith the estimate called for in your letter No.Fl.2042/G.F.94-18-3 dated 23-10-18

2. As the framing of the estimate from information available in the Audit Registers would have taken much time and as only a rough estimate is required, the statement has been based on Appendix B of the Budget Estimates for 1918-19. In the case of progressive appointments, the War Allowance has been calculated on the average cost of the appointment instead of/on the particular stage of pay now drawn by the incumbants of such appointments. Officials and menials in receipt of pay up to Rs.50 have been included in the calculation. The estimate is for cost to be borne by the State Funds.

3. The statement shows that the monthly cost involved by the proposed grant of the allowance is about Rs.60,000/-. The expenditure is inevitable and it has to be met by the diversion of funds available under whatever head. I do not know for what period the allowance will be sanctioned ~~or will be necessary~~. The expenditure itself will be spread over all the seven groups of Administrative Departments. As the period for which the allowance will be

57

be sanctioned is unknown, the expenditure to be met from the ~~resources~~ sources of the different Administrative Departments cannot be calculated. On the basis of the Budget, however, three of the groups, viz., 'Direct demands on Revenue,' 'Civil Administration' and 'Protection and Army' do not appear to be capable of bearing this expenditure. The group "Moral and Material Development" has, however, a large ~~xxx~~ closing balance and I think that ~~for making good~~ the deficits in the accounts of the above three groups due to the grant of this allowance may be made good by reducing pro-tanto the current year's assignment to the group "Moral and Material Development." Such reduction will be necessary only if it is found eventually that the three groups stand in need of augmentation of their assignments. A sum equivalent to the additional expenditure involved by the grant of this allowance has, however, to be reserved out of the balance of the group "Moral and Material Development" as ear-marked for this purpose.

I have the honour to be,

Sir,

Your most obedient servant,

M. Venkatarama Rao
